

Unit 1 Cell Structure REVIEW

LONG ANSWER (16 marks)

1. Describe the function of three of organelles of your choice. (2 marks each)
2. In the following diagram label at least 10 of the identified organelles. (10 marks)

MULTIPLE CHOICE (7 marks)

- Data validity
- Validity of a hypothesis
- Know the structure and function of each organelle, especially:
 - Centriole
 - Cytoplasm
 - Ribosomes
 - Chromatin
 - Nucleolus
 - Golgi apparatus
 - Endoplasmic reticulum
 - Nuclear envelope
 - Plasma membrane
 - Mitochondrion
 - Nuclear envelope
 - Lysosome
 - Vacuole
 - Vesicle
 - Cytoplasm
